Detailed Action

This is the second Office Action corresponding to amendment filed July 18, 2005.

The application contains 21 claims.

Information Disclosure Statement

Receipt is acknowledged of Information Disclosure Statement filed July 18, 2005, which has been reviewed by the Examiner.

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 11, 12, 16, 17 and 18 are rejected under 35 U.S.C. 103(a) as being unpatentable over German Patent No 198 15 283 to Taubmann et al. Taubmann et al. was explained in the former Office Action. The flattened end (6b) of the spindle (5) is not formed as one piece with the spindle; however, it has been held to be within the general skill of a worker in the art to make plural parts unitary and viceversa as a matter of obvious engineering choice. Note that Taubmann et al. element 6b is use for

the same purpose of the one in the instant application. In this particular case it would not require extra assembly. Taubmann et al. inherently teaches the recited method.

Allowable Subject Matter

Claims 1-10, 13-15, and 19-21 are allowed.

Response to Arguments

Applicant's arguments have been fully considered but they are not persuasive as indicated in the above rejection.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
